YOUR PROJECT BRIEF

Workers sit through the training.
Then do it the old way.

Slides full of text, no examples, no quiz. People remember what they see and practise, not what they read. This file shows you my way of working, lets you choose a design and tells me what you need. Fill it in a few minutes, save it and send it back to me.

After · my way

Clean hands in 5 steps

My tip: Write outcomes people can show.

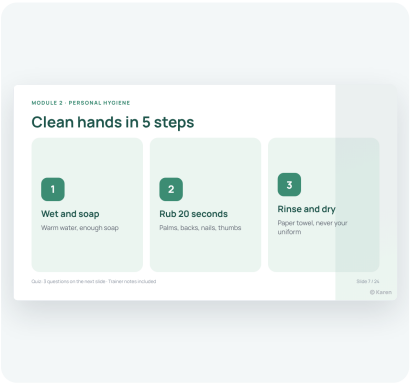

Not “understand hygiene” but “wash hands in 5 steps in 20 seconds”. If you can watch someone do it, you can train it and audit it.
