- ✓ Headers, footers and page numbering by section

WHAT I PAY ATTENTION TO

- ✓ Styles, never manual formatting
- ✓ Numbering that survives edits
- ✓ Tables that don't break across pages
- ✓ Arabic and English aligned correctly

How I work

1. **Send your file, notes or idea**
2. **Get a detailed quotation PDF: your roadmap, my advice, the exact price**
3. **Approve, then we start**
4. **Receive editable files + 2 weeks of free revisions**

My tips

1. Most messy Word files are not badly written, they are badly built. I rebuild them on styles.
2. With styles, changing a heading or a font takes one click and the contents page updates itself.
3. A company template keeps every future document consistent.
